

PROVEN MENTOR PROTÉGÉ PARTNERSHIP

Driving Excellence in Federal Infrastructure and Mission Support

Michael Baker International and Planate Management Group have united under a strategic joint venture to deliver comprehensive architect-engineer and program management services for federal agencies. This partnership is built on a shared commitment to innovation, quality, and mission success—combining decades of experience with specialized capabilities to meet the unique challenges of government projects.

Combined Capabilities

Our joint venture combines scale with flexibility to meet the toughest federal challenges. Michael Baker a full-service partner, combining traditional engineering excellence with advanced technology and resilience solutions. Planate is a Service-Disabled Veteran-Owned Small Business (SDVOSB) and is ISO 9001 and CMMC Level 2 certified. Planate is known for agile solutions and operational expertise in remote and austere environments.

Our combined expertise brings a legacy of excellence in planning, design and construction management for complex infrastructure projects worldwide, delivering precision, compliance and innovation at every stage.

**Together, we don't just build projects,
we build mission success.**

Michael Baker
INTERNATIONAL

**WE DELIVER OUR BIG BUSINESS CAPABILITIES WITH THE PRIDE,
QUALITY AND CUSTOMER SERVICE YOU EXPECT FROM SMALL BUSINESS.**

EXPANDED CAPABILITIES

Our team stands ready to handle the diversity and complexity of projects that the Air Force needs.

Master Planning

- Adaptive Reuse Plans
- Area Development Plans
- District Plans
- Encroachment Plans
- Energy & Water Resilience Plans
- Installation Development Plans
- Planning Standards
- Traffic & Transportation Plans
- Vision Plans

Architecture & Design

- Americans with Disabilities Act (ADA) & Architectural Barriers Act (ABA) Design
- Civil, Structural & Geotechnical Design
- Communications Distribution Design
- Design Architecture
- Dormitory Design
- Fire Protection & Life Safety
- Landscape Architecture
- Mechanical, Electrical & Plumbing Design
- Pavements Engineering
- Security Engineering with Secure Space/ SCIF/SAPF Design

Airfield Engineering

- Construction Safety & Phasing
- Lighting, Signage & NAVAIDS
- PCASE Pavement Design
- Runways
- Taxiways & Aprons

Environmental Sustainability

- Climate Adaptation Plans
- High-Performance Sustainable Facilities
- LEED® & Green Globes Certification
- Net Zero & Sustainable Design

Project Delivery

- Cost Estimating & DD1391 Development
- Design-Bid-Build
- Design-Build
- Early Contractor Involvement
- Program Integration (Owner's Representative)
- Program Management Office (PMO) Support
- Project Development, PCRs & CCRs

Asset Management

- Bridge Inspection
- BUILDER™ Condition Assessments
- Electrical Distribution System Assessment & Modeling
- Emergency Operations & Response Planning
- FRCS Cybersecurity Resilience Planning
- NextGen IT Migration Services
- PAVER Condition Assessments
- Preventive Maintenance Task List (PMTL) Development

Technology

- Building Information Modeling (BIM)
- Geographic Information Systems (GIS)
- Mobile & Aerial LiDAR Surveying
- Smart Installation Planning
- Technology Use Case Development
- Unmanned Aircraft Systems (UAS) Data Acquisition

Construction Services

- Change Order Management
- Construction Administration
- Construction Quality Assurance
- Construction Scheduling
- Materials Testing

COMMITMENT TO EXCELLENCE

Michael Baker International is a leading provider of engineering and consulting services with practices that encompass all facets of infrastructure, including design, civil engineering, planning, architecture, environmental, construction and program management. The firm's more than 5,100 employees across more than 90 office locations are committed to *Making a Difference* for clients and communities through a culture of innovation, collaboration and technological advancement.

Planate drives progress through innovation and adaptability, anticipating change and transforming challenges into opportunities. Guided by our core values of service, integrity, and innovation, we deliver agile solutions that meet evolving client needs in even the most complex and remote environments. Our approach combines global expertise with forward-thinking strategies, ensuring every mission benefits from precision, creativity, and resilience. As a trusted partner, Planate provides world-class professional solutions that empower success, anytime, anywhere.
