JTA Complete Streets Program

Jacksonville, Florida

Michael Baker provided planning, analysis and conceptual design services to support the implementation of complete streets along Jacksonville Transportation Authority's (JTA) most highly traveled routes to develop the most appropriate complete streets solutions aimed at accommodating all modes of transportation, including pedestrians, cyclists and motorists.

Harrisburg Transportation Center Transit-Oriented Development Master Plan

Harrisburg, Pennsylvania

Michael Baker led a multidisciplinary team and integrated our Urban Design Studio expertise to create a transit-oriented development urban revitalization strategy and master plan for the Harrisburg Transportation Center, which included a week-long visioning process and design charrette.

San Bernardino Community Plans Continuum

San Bernardino County, California

Michael Baker partnered with San Bernardino County to assist 52 unincorporated communities in creating grassroots-driven, holistic community plans to help them chart their own future and galvanize local support, volunteers and implementation efforts.
